

Remembrance Poppy Installation

As the leaves fall and winter begins to creep in, Highsted remembers the sacrifice that so many made for us. To honour their sacrifice we have produced a Poppy installation at the front of the school for Armistice Day.

As world leaders gather to discuss climate change, Highsted has focused upon recycling plastic. Each poppy has been made from a used plastic bottle, giving it a new purpose. The poppies cascade to echo the fallen soldiers.

The installation has been a collaborative effort, with a small group of Year 9 students leading on the creation of the poppies.
